LEASES ON
HARBOR
UNDER
FIRE

Council Orders Action
Against Crowley
Contract; Test
Oakland's Largest Cor-
porations Attacked by
Morf's Opinion

Initial attack upon the validity of the waterfront leases made for tide-lands along the Oakland estuary and Breckin basin by the old Board of Public Works, consisting of the former city officials, Mayor Frank E. Mott, City Attorney Ben F. Woolner and City Engineer F. C. Turner, was made today in a formal legal opinion presented to the city council by City Attorney Paul C. Morf. The opinion dealt exclusively with a lease made to Frank G. Drum and now held by the Crowley Launch and Tugboat Company, but it is understood that there are several other leases of a similar nature that will be attacked. The opinion does not affect the western waterfront franchises, as these are on a different footing, according to City Attorney Morf.

The commissioners at today's session directed City Attorney Morf to commence action at once to cancel the lease of the Crowley Launch and Tugboat Company and to make of this a test case. Commissioner Anderson was instructed to order the tugboat company to discontinue making improvements on the waterfront property leased to the Crowley people.

Mayor Davie declared that the other leases had been improperly granted and that if the city succeeds in its attack upon the Crowley lease, others will follow. He detailed the leases which he declared had been an act by the old city administration at the eleventh hour in "giving away the water front to the high-brows."

Two points quoted. City Attorney Morf has questioned the validity of the lease on two points. The first is that the lease, which is in the nature of a franchise, was granted by the city as a trustee for the state, and that in carrying out this trust the city should have provided in the lease that work should be done "in aid of navigation and commerce."

Delegation is puzzle. The matter as to whether the power of making the leases could be delegated to the courts was taken up in 1911, when the leases were made by the city attorney's office and the attorneys, among them being some of the best legal authorities in the bay region, representing the claimants to title in these lands under the old Stratton patent. These attorneys were satisfied that the power could be so delegated.

The history of the granting of these leases is an interesting one. The leases were granted within a few days of the time when the new charter went into effect, this charter imposing very rigid restrictions on the granting of waterfront privileges of any kind. But few leases have been granted since the charter became effective.

But the granting of the leases was the upshot of several years of conference and compromise. The people to whom they were granted were not only in actual possession of the land in question, but held their right and title under the old Stratton patent, a right made by the state legislature to Stratton and his assigns. They had in good faith paid money for their rights, obtained from Stratton and had certain equities in the land.

Fleets Fail to Take Riga

WASHINGTON, Aug. 10.—Secretary Lansing announced late today that only one warship would be sent to Vera Cruz, and that it was going to relieve whatever ship is used for transportation of the Brazilian and Guatemalan ministers.

Secretary Lansing denied flatly that military or naval operations were being prepared, and declared such reports only interfered with the success of efforts to settle Mexican affairs peacefully.

WASHINGTON, Aug. 10.—Serious anti-foreign demonstrations reported today to the Washington government from Vera Cruz gave state and navy department officials considerable concern, particularly in view of the Pan-American conference to be resumed in New York tomorrow to discuss means for restoring peace in Mexico.

Advices from Commander McNamee at Vera Cruz, depicting a threatening situation in Carranza's government, led to a conference between Secretary Lansing, Rear Admiral Benson, acting secretary of the navy, and Leon J. Canova, chief of the division of Mexican affairs. Commander McNamee's report had at first been regarded as alarming enough to warrant sending naval reinforcements to Vera Cruz and preliminary orders have been given to the battleships Louisiana and New Hampshire at Newport to make ready.

ACTION WAITS

Deliberation on the situation, however, resulted in the determination to await further report before dispatching any battleship, there being genuine doubts on the part of administration officials as to whether it might be embarrassing to the Pan-American conference. An order was sent, however, directing the gunboat Marietta to proceed at once from Progresso to Vera Cruz, a distance of about 360 miles. Rear Admiral Benson explained that the Marietta might be utilized to convey the Brazilian and Guatemalan ministers in Mexico to New Orleans.

Commander McNamee reported that natives have made incendiary speeches in the streets of Vera Cruz against Americans and other foreigners and that there had been numerous disorders to incite uprisings, although no overt act had yet been committed today.

MINISTERS ON SHIP

The Guatemalan minister to Mexico reported Vera Cruz last night from the capital and went aboard the gunboat Sacramento. The Brazilian minister is en route today from Mexico City to Vera Cruz, where he will arrive tonight and also board the Sacramento. The diplomats probably will remain on the Sacramento until the Marietta reaches there from Progresso to bring them to the United States.

While much speculation continues on what definite plan of action has been agreed upon by the Pan-American conference, the feeling is growing among those well informed on the Mexican situation that it contemplates forceful action if General Carranza does not yield to the preliminary proposal for a conference of all the factions.

PRESIDENT FAVORS BATTLESHIP PLEA

CORNHIGH, N. H., Aug. 10.—President Wilson was in communication today with Secretary Lansing regarding a request from Commander Mc-

CONSTANTINOPLE, Aug. 9, via Berlin, Aug. 10.—(By Wireless to Sayville.)—A submarine of the entente allies was sunk near Bulair this afternoon by a Turkish aeroplane which threw bombs upon the craft. All the crew were lost.

GENEVA, via Paris Aug. 10, 1:15 a. m.—The appearance on the Italian front of 30,000 Austrian troops released from the Russian campaign is announced by the Times in a dispatch from London, Austria. These troops attacked the Italians yesterday outside of Gorizia. After a battle of fifteen hours, the dispatch says the Italians forced the Austrians to retreat into Gorizia, leaving 2000 dead on the battlefield.

The Italians are said to have gained an important point strategically by joining forces between Romans and Dobro, south of Gradisca. The Austrians endeavored in vain to prevent this junction, losing heavily in the effort.

GENEVA, Switzerland, Aug. 10, via Paris, 1:10 a. m.—A dispatch to the Tribune from Innsbruck, Austria, says that the recent fighting along the section of the eastern front running from the Plessa river to Ostrov, northeast of Warsaw, the Germans have been continuous for five days, and the Germans have occupied the northern portion of the defenses of the surrounded fortress. The Russian garrison depends mainly upon bayonet charges, as artillery ammunition is lacking.

North of Lublin-Chelm railroad the battle continues to the advantage of the Austrians and the Germans. In the region of Novo Alexandria, the Russians are making fierce resistance, inflicting heavy losses on their opponents.

PARIS, Aug. 10, 4:55 a. m.—The allied forces have resumed their attacks upon Turkish positions at the Dardanelles with great vigor during the last two days and have made appreciable progress at the Gallipoli peninsula, according to a Havas Agency dispatch received from Athens. The Turkish losses have been heavy. Simultaneously the allied fleet bombarded the Turkish positions on the Dardanelles, inflicting severe damage upon their defensive works.

PARIS, Aug. 10, 12:32 p. m.—Although military operations in Russian-Caucasian have hardly reached the decisive stage, the Germans who have been smashing their way toward Riga have been checked. Almost simultaneously the German warships which attempted to seize the Gulf of Riga and attain a strategic position to assist the troops ashore were dispersed and damaged.

The assemblage of German craft was the largest of any engaged in the naval actions of the war thus far, with the exception of the allied squadron at the Dardanelles. It needed the aid of the British ships ranged off the Heligoland coast to sail. The fact that the German warships were forced to retire is a source of satisfaction to the British press, which

**Woman Prisoner Collapses Af-
ter Court Decrees She Must
Face Jury.**

Mrs. Sarah R. Joo Joo, an aged French woman, 545 Haight street, Alameda, testified as she left the courtroom of Judge Samuels today after she had been heard to answer on a charge of forgery. The woman bore with her the preliminary examination being in the corridor, outside the courtroom, just after she had descended a short flight of stairs. Mrs. Joo Joo collapsed. She has been troubled with heart failure. She was removed to the Receiving hospital where her condition is said to be

Mrs. Joe Jou was arrested several days ago when she was recognized by a police officer in the Fred Lewis market, 517 Washington street, as a woman who had passed a bad check on the firm for \$5. He ran out and stopped her and she was taken to the city prison, being subsequently released on \$1000 bail. Her brother, one of the woman she had not been right mentally for some time. She was charged with signing the name of Mrs. M. Rogers to a check for \$5 and is also alleged to have circulated other spurious checks. Her attorney was heard to answer to the Superior Court for trial, her bail being fixed at \$1000.

W. H. Langdon Named as Superior Judge

By Associated Press.
SACRAMENTO, Cal., Aug. 10.—Wm. H. Langdon, former district attorney of San Francisco at the time of the graft prosecutions and more recently president of the State Board of Education, was appointed Superior Judge of Stanislaus County by Governor Johnson today. Langdon has resigned his place on the board of education to accept the judicial appointment, and the vacancy on the board has not been filled as yet.

A petition signed by every attorney in the county asking for the appointment of Langdon to the newly created office

was sent to Governor Johnson recently.

U. S. TROOPS REPULSE BORDER BANDITS

OUTBREAKS IN VERA CRUZ ALSO COMPLICATE AFFAIRS

CONFERENCE TO RESUME TOMORROW

(Continued From Page 1)

Namee that a battleship squadron be sent to Vera Cruz to protect Americans, and was understood to be inclined to grant the request.

MISSION IS ENDED, SAYS GENERAL SCOTT

By Associated Press.
EL PASO, Texas, Aug. 10.—General Hugh L. Scott, chief of staff of the United States Army, has accomplished his mission to the border. At noon today the following statement was issued:

"General Villa assured me during our interview that the proposed meeting of mining men will be postponed indefinitely. The foreign merchandise seized in Chihuahua last week will be restored. Violations of the law, however, will be prosecuted in the civil courts. My mission here is now accomplished."

VILLA CROSSES BORDER.

Escorted by a mounted detachment of bodyguards, General Villa entered an automobile early today in Juarez and crossed the border to keep his appointment with the American chief of staff. General Scott, state department representative, and Colonel R. E. L. Michie, aide to General Scott, went to Juarez and accompanied the Mexican leader to the private residence of J. F. Williams, a banker, where General Scott made his headquarters. On the international bridge a detachment of the soldiers from the Sixteenth U. S. Infantry were drawn up as a guard of honor for General Villa, whom they escorted in automobiles to the place of meeting. General Villa's guards also accompanied their chief to General Scott's residence and remained there until the conference was concluded.

MADERO PRESENT.

Mr. Carothers and Alberto Madero, political adviser to Villa, and brother of the late President Madero, were the only men present at the meeting between the two military chiefs. At 10:30 a. m. General Villa emerged from the house, re-entered his machine, accompanied by Colonel Michie and Mr. Carothers, returned to Juarez. General Scott, after Mr. Carothers' return to American soil, issued his statement.

TROOPS IN CLASH ON MEXICO BORDER

By Associated Press.
BROWNVILLE, Tex., Aug. 10.—United States cavalrymen and Mexicans fought again today, this time near Mercedes, Tex. One Mexican was killed. None of the troopers was reported hurt.

Today's fight was in Hidalgo county, west of the scene of the previous Mexican raids and closer to the border, occurring about 25 miles north of the Rio Grande.

Six United States cavalrymen were on the border patrol duty near Mercedes when the Mexican attacked them. The soldiers captured four horses from the attacking party. Parties of armed farmers and merchants went from Mercedes and

other nearby towns to try to capture some of the Mexicans.

FUNSTON FILES REPORT.

By Associated Press.
WASHINGTON, Aug. 10.—An official report from Major-General Funston was received at the War Department today describing the attack on the capital, Cuernavaca, and United States soldiers at the railroad station at Norias, Tex. General Funston said it has been established "that most of the men concerned in these outrages are residents of Texas, but only a few are Americans."

SOCIETY APPEALS FOR HELP FOR AMERICANS

By Associated Press.
MEXICO CITY, July 29, by courier to Vera Cruz, via Laredo, Texas, Aug. 10.—An appeal for help for Americans in Mexico and for the relief of the people of the country itself was sent today by the American Society of Mexico to the state department in Washington through the Brazilian minister. It recites conditions in the Mexican capital, Cuernavaca, and elsewhere, as unendurable and which are declared to have driven Americans here almost to desperation and implores the Washington government to act promptly in bringing about amelioration.

"The American residents of Mexico appeal once more to their government and people in behalf of the suffering millions of pacific men, women and children in this country who are victims of hunger and cruelty and violence," the appeal begins. "These conditions put the gravest and most pressing responsibility upon the United States, which not only has passively permitted them, but has prompted them with arms and ammunition and by encouragement to political adventurers who have prostituted the name of liberty and the cause of human rights."

WORDING MADE STRONG.

"Americans and other foreigners," the appeal continues, "stand aghast and wonder whether they are to live in the twentieth century and in a country bordering on the United States, which has made itself responsible to the world for protection of life and property, here and yet does nothing more than send repeated warnings that are derided by half-savage men, drunk with ill-gotten power and the spirit of graft and hate."

"For many months the Americans here, driven almost to desperation, have tried to bring their government to a realization of the actual situation and begged that the American

people be informed. Their request, long denied, was finally conceded in June 3, 1915, in a letter briefly stating the conditions in Mexico.

ENTIRE COUNCIL IMPRISONED.

"These conditions, then hardly endurable, are much worse now and the apparent inactivity of the government at Washington fills Mexico with despair. There is not even a semblance of government here at the capital and we are living on a smoldering volcano. The entire city council has been imprisoned without cause. We have seen three changes of armed government in thirty days. There is no communication with the world except by special messengers."

Britain Responsible for War, Zeitung Says

By Associated Press.
BERLIN, Aug. 10, by wireless to Saville, N. Y., Aug. 10.—The following was given out today by the Overseas News Agency:

"The Vossische Zeitung and the Berliner Tageblatt comment at length on the latest official publication of Belgian diplomatic reports found in Brussels. They say these documents prove that England prepared for the great European war by drawing closer and closer the previously loose meshes of the diplomatic and political net about Germany, frustrating all attempts of the German government to maintain peace. England is the Prussian Dictator and the world plunged into the world into a carefully prepared war for the most selfish motives—envy and fear."

Brother of Prof. Hugo Muensterberg Dead

By Associated Press.
BERLIN, Aug. 10, by wireless to Saville, N. Y., Aug. 10.—A dispatch from Danzig given out by the Overseas News Agency says that Otto Muensterberg, a member of the Prussian Diet, and brother of Prof. Hugo Muensterberg of Harvard university, is dead at the age of 62 years.

Archer Clive, M. P., Wounded in Battle

By Associated Press.
LONDON, Aug. 10, 4:25 a. m.—Captain Percy Archer Clive, a member of parliament for Herefordshire, Ross Division, has been seriously wounded in Flanders by the explosion of a German mine.

AUSTRIANS PRESS TOWARD KOVEL

Warsaw's Capture Gives Wide Scope for German Campaign.

By Associated Press.
BERLIN, Aug. 10.—(By wireless to Saville, N. Y., Aug. 10.) Among the news items received today by the Overseas News Agency was the following:

"The German newspapers unanimously voice the general feeling in pointing out that the capture of Warsaw, the great Polish city, and the conquest of Poland, German military experts say, has given the Germans a full opportunity to operate within the large space between Warsaw, Chelm and Brest-Litovsk."

ADVANCE ON BUG.

"Austro-Hungarian troops already are pressing northeast along the right bank of the Bug river in the direction of Kovel; the Germans are pushing forward in the direction of Brest-Litovsk and the possibility of the Russians holding the Bug line is being questioned while at the northern end of the battle front the Germans threaten Vilna and Dunaberg. After capturing the Narva bridge, the Germans are maintaining the Warsaw-Petrograd railway."

POSTPONED TO 1917.

"A dispatch from Bayreuth says that the Wagner family has decided that the next festival plays will take place in 1917."

"During the months from April to June of this year new deposits in the Berlin savings banks exceeded the withdrawals by 2,000,000 marks (\$500,000). In the Charlottenburg Savings Bank since January, 1915, new deposits have exceeded withdrawals by 13,500,000 marks."

Work on the Baghdad railway has been further advanced recently and a section 51 kilometers long between Tammuz and Beqalan has been opened for traffic."

OFFICIAL WAR STATEMENTS

RUSSIAN

By Associated Press.
PETROGRAD, Aug. 9, via London, Aug. 10.—A communication concerning the fighting in the Caucasus was made public by the war office tonight.

"The Caucasus, the direction of the Euphrates our cavalry charged the Turks and sabred many of them and captured eight officers and 300 men and a large quantity of arms and munitions. Our forces are pursuing the Turks without cessation."

"Saturday and Sunday fighting developed along the whole of the front from the River Tortura to the Euphrates. We attacked the Carlingburg bridge and occupied portions of the north double pass Margharin."

FRENCH

By Associated Press.
PARIS, Aug. 10, 2:30 p. m.—The French war office this afternoon gave out a report on the situation of hostilities, which reads as follows:

"In the Ardennes district the Germans last night delivered two attacks, in which they made use of bombs. They were driven back to their trenches."

"In the Argonne, in the eastern part of the forest, the Germans, by a curtnade and rifle firing, but with no infantry engagements."

"In the forest of La Prete the enemy, after a violent bombardment, attacked at about 8 o'clock yesterday evening our trenches in the vicinity of La Croix-des-Bois, but they were checked by a curtain of fire from the French troops. During the night a further attack, accompanied by a bombardment of shells containing asphyxiating gases, also was checked by our artillery."

SOLDIERS OF GERMANY MUST PAY CHURCH TAX

By Associated Press.
BERLIN, Aug. 14.—Fighting for the fatherland does not exempt one from paying the universal church tax, according to a ruling by the highest authorities who have been deliberating on counter appeals for an opinion on this question.

"The chief church council" of the evangelical church decides that a man does not sever his connection with his church by going to the front and that he is not a soldier at a field church he does so free of charge, so that his responsibility to his regular congregation does not cease."

Only a minor proportion of Germans are members of a church, or attend services of any character (because of the tax, it has been claimed), but they are nevertheless not immune unless they are beyond a shadow of a doubt that they hold no religion whatsoever or have no religious connections—such as a wife who attends church, such as having been married by a minister. The great mass of the soldiers at the front thus are affected by the ruling.

HENRY SPELLMAN IS SPEAKER TO AD SECTION

State that he was from a state where "the corn was full of kernels and colonies full of corn." Henry C. Spellman, manager of the Remington Typewriter Company's educational department, with headquarters in New York, addressed the members of the Oakland Commercial Club's ad section at luncheon today. Talking on "The Ad Men and Business Men as the Standard Bearers of Today," the speaker said that the businessmen of modern times today may take the Bible and turn to the page of Genesis, and that Cain and Able were the first merchants and Noah the first conservator of national resources.

"The businessman should take the Bible and interpreting it has it as the guide for standard bearers. We should have harmony. We are not harmonious in our personal relations. True is spoken. Though we don't see right, we lack insight. With insight we have the right factors when we make standard bearers of many. We learn the duty of business from these standard bearers of today."

On behalf of the ad section Manager Caine of the Commercial Club was presented with a bouquet of carnations. W. C. Robbins announced that on next Tuesday, Chas. C. Farnham of the Curtis Publishing Co. will talk on merchandizing facts. On the following Tuesday Captain of Police Peterson will read his paper on vice conditions. This is the same paper that was favored by the Purty Congress.

15-HOUR BATTLE WON BY ITALIANS

30,000 Austrian Troops Fresh From Russian Front, Are Defeated.

(Continued From Page 1)

Sends encouragement in the resistance of the Russians in this northeastern theater in contrast to their retirement elsewhere.

BRITISH VICTORY UNSEALED.

The British advance in the vicinity of Hoose, while not comparable with the tremendous actions in Poland, marked the most important engagement in which the British army has figured since the battle of Festubert, in May. The gain was small and still has to be maintained against the almost inevitable German counterattacks.

The Balkan situation is still chaotic. Despatches from Saloniki say that the Bulgarians, when they get again at Serbia already has found expression in a concentration of Teutonic forces along the Serbian frontier. It is said 15,000 men have been moved near Orzova, Hungary, which may be the forerunner of the predicted campaign through Serbia for the relief of Turkey. Italy as yet has not declared war on Turkey, but its reports that Italian consuls are leaving the Ottoman empire, entrusting their affairs to their American colleagues. If this be true it probably means that impending developments in the Balkans dictated the action of Italy.

WHAT WILL ITALY DO?

It has been rumored frequently that Italy would send troops to assist France and England in the Gallipoli operations, but thus far such reports have not been borne out. The Italian and Rome maintain surface relations of nations at peace.

For Germany's reported peace overtures to Russia the British press finds only sarcasm. Virtually all papers editorially what officials have insisted so often, that there can be no peace until the allies have gained victory. It is believed generally in England that Germany is willing to conclude peace on any terms, but the burden of all written and spoken comment is that such a situation would be impossible from the standpoint of the allies.

RIGA SAFE, LONDON HOPES

By Associated Press.
LONDON, Aug. 10.—Although the Russian official communication telling of the repulse of a German naval attack on Gulf Riga arrived in London too late for comment by them, all the morning newspapers lay emphasis on what they assert is Russia's improved situation in the Riga district. The Russian position throughout the Baltic provinces was described by the newspapers as firm.

"The Russians," says the Morning Post, Petrograd correspondent, "are forcing a vigorous aggressive, and the German have been swept clear from the Riga region."

In a dispatch dealing in a similar manner with the Riga sector, the Times Petrograd correspondent says:

"Riga, the Baltic port, has been relieved by Russian successes south of the town and the whole region for twenty-five miles from Riga has been cleared of the enemy."

CHINESE ORGANIZATIONS OF STUDENTS ELECT

BERKELEY, Aug. 10.—Announcement today of the election of officers of two Chinese student organizations, to the presidency of one of which was chosen Fo Sun, son of the former president of China. The organizations, known as the Chinese Students' Association in North America, selected the following officers: President, Ping Ling; vice-president, Stephen Mark; secretary, Arthur Wong; associate general secretary, Y. S. Tom. The western section of the Chinese Students' Alliance chose the following: President, Fo Sun; vice-president, Yick Long; secretary, Stephen Mark; treasurer, Miss Sarah Ching. The joint session closed with a banquet at Stiles Hall at which 120 were present, and with an impromptu vaudeville and Chinese theatricals. The Chinese Students' Association and the Chinese Students' Alliance are both active in the Chinese community in Berkeley and are working for the improvement of the Chinese race in general.

FATHER ASKS POLICE TO FIND RUNAWAY GIRL

The police have been asked to assist in the search for Christina de Costa, a 19-year-old girl, who an away from her home, 1829 East Twenty-fifth street, Sunday. Her father, John de Costa, informed Sergeant Foley that he believed his daughter had been kidnapped to get married. She is described as a pretty brunette, 5 feet 4 inches in height and weighing 110 pounds.

The police were informed today that May Mabel Florence Jones, the 13-year-old girl whose disappearance was reported Sunday, returned safely to her home, 840 West street, Sunday night.

PLEAD NOT GUILTY.

William C. Chappin and his wife, Hazel, pleaded not guilty to a charge of robbery when they were arraigned before Superior Judge Trabucco today. The couple were arrested a month ago upon complaint of Herman Ehrlich that he had been induced to enter the Cherry home and then was mugged out of \$75 through alleged threats that he would be exposed for his actions there.

AMERICA'S GREATEST CIGARETTE

Makers of the Highest Grade Turkish and Egyptian Cigarettes in the World

Germans Make Wood Explosive

Science Bridges Lack of Raw Cotton

By Associated Press.
LONDON, Aug. 10.—Details of a new process developed by German chemists for the utilization of wood pulp as a substitute for cotton in the manufacture of explosives are given by the Chronicle, which says the substitute already is being used successfully at three large factories in Mannheim.

The great difficulty in using wood pulp, according to the Chronicle, was the necessity of removing all impurities such as resin and oxycellulose. The process in its early stages is the same as in the manufacture of paper. Wood is ground, cooked, changed liquid form, then carefully cleaned by the new process, and rolled into sheets. When it is ready for the process of nitration, which converts it into a high explosive.

The timber used is chiefly ash, pine and birch. For some purposes, says the Chronicle, the new explosive is even more powerful than that made with cotton.

War Summary

In the Baltic provinces, Petrograd claims that the Germans are being pressed back from Riga on land, while on the water an attempt by a German battle fleet to break through the mine barriers defending the entrance to the Gulf of Riga was beaten off.

The Russians also assert they have checked German advance guards in Vilkomer district, at which point the invaders are within 50 miles of the trunk line railroad to Petrograd. At Kovno, it is declared, that despite the bringing up of the heaviest caliber German guns, desperate attacks on the fortress have been repulsed with heavy losses to the attacking forces.

Austro-German pressure of the retreating Russians continues strong in the Warsaw sector and along the lines to the southeast. Pronounced successes for the Teutonic forces are reported all along Southern Poland from the Vistula to the Bug.

Rome reports the capture of some Austrian trenches in Cavallo Pass in the Carnic Alps, a similar success in the Playa Zone.

The allies are again attacking vigorously in the Dardanelles and are making substantial progress, according to news agency dispatches from Athens.

The Russians report new successes against the Turks in the Caucasus, near the Euphrates river.

So far as shown by the latest reports from Paris, there has been little activity of a notable sort on the front in France. Several attacks by Germans are declared to have been stopped.

A Turkish aeroplane threw bombs on a submarine of the entente allies engaged in the Dardanelles operations and sank the craft with the loss of all its crew, Constantinople reports.

Russians Exaggerated Polish Devastation

By Associated Press.
BERLIN, Aug. 10, via Wireless to Saville, N. Y., Aug. 10.—Among the news items prepared by the Overseas News Agency for transmission abroad is the following:

Reports from the front in Poland say the Russian announcement that farm crops were devastated and that the Russians left a desert behind them is greatly exaggerated. The farmers disobeyed orders to destroy their crops and a full harvest of rye, wheat and oats is being brought in with the assistance of German soldiers. Only the villages were burned.

MUNSELL WILL SPEAK BEFORE FOOTHILL CLUB

T. R. Munsell, superintendent of the Piedmont Park, Oakland, will deliver an address before the Foothill Improvement Association in the W. P. Erick school, Sixty-second avenue and Foothill Boulevard, at 8:30 o'clock this evening. Munsell will talk on the general financial and industrial conditions of the bay cities as compared with conditions at other places.

PROBATION REVOKED.

Harry Topham, alias Thompson, was sentenced to serve five years in an uncertain part until it became apparent which side would be successful.

Under date of June 21, 1908, the Belgian ambassador at Berlin said: "The Triple Alliance always has been considered in this spirit in Berlin, because it was concluded with a purely defensive purpose."

Ready Money

"Real opportunity comes only to the man with ready money," says John D. Rockefeller.

Ready money is acquired chiefly through persistent saving—and the most profitable savings medium of long security is the Savings Account.

Savings Accounts earn 4 per cent interest, are absolutely safe and readily convertible into cash.

"FEAR?"

"FEAR" with J. Anthony Smythe. was a vaudeville revelation.—Bulletin, Monday, August 9th.

"FEAR," at Pantages, presents J. Anthony Smythe in one of the most gripping vaudeville playlets in the bay district in many moons.—Enquirer, Monday, August 9th.

"FEAR," the headliner for the Oakland Pantages, is the season's greatest sketch.—Examiner, Monday, August 9th.

J. Anthony Smythe, one of the most popular performers who has ever trod an Oakland stage, was greeted with a round of applause at the Pantages Theater, where he is appearing with a fine cast in another of the Holbrook Blinn Thrillers, "FEAR."—Chronicle, Monday, August 9th.

"FEAR," wonderful sketch of India, as well as one of Holbrook Blinn's best "thrillers," is the headliner this week on a well-balanced bill at the Oakland Pantages.—Tribune, Monday, Aug. 9th.

PROBING JITNEY DRIVER'S REPORT

**May Have License Revoked for
Alleged False Statement
on Accident.**

Head of the Traffic Bureau Corporal John Fahy is investigating the fact that Frank P. Poes, a thirty bus driver, who received his license August 1 of this year, made an alleged false report concerning an accident which happened to his machine on the Tunnel road, Sunday, and in which Mrs. F. B. Pfeiffer of Twenty-first and Broadway was seriously injured.

SEES INVASION OF U. S. AFTER WAR

H. L. Satterlee Predicts Peril as an Easy Way of Paying Big Debts.

SEATTLE, Wash., Aug. 10.—The United States will face a grave peril, that of invasion at the end of the European conflict as an easy way of paying credit debts, was the opinion expressed here by Herbert L. Satterlee, assistant secretary of the navy under the Roosevelt administration, in pointing out the need for improvement of the national defense.

"It is certain that the nations which will look to the United States and the western hemisphere as an easy way of paying war debts," he said, "we have been getting along on a bluff with our Monroe doctrine, our Panama canal, our great responsibilities in Alaska, the Philippines and the Hawaiian Islands, but we shall see our bluff called at the close of this war, and it behooves us to be ready."

NEW VANDERBILT FEUD? Discredited Cornelius to Claim Primacy

NEW YORK, Aug. 10.—The proposed expenditure of \$2,000,000 by Cornelius Vanderbilt, Jr., on the renovation of his mansion at Fifth avenue and Fifty-first street is regarded as more than a passing whim on the part of the millionaire by society both here and in Newport.

Society believes Vanderbilt, at the end of the year's period of mourning for his brother, Alfred Gwynne Vanderbilt, who was lost on the Lusitania, is preparing to take his place at the head of the Vanderbilt family, a position of which he was deprived when the elder Cornelius, Jr., died his colossal fortune over to Alfred Gwynne, his younger son, and in the eyes of society made him the head of the house of Vanderbilt.

PATRIOTIC TOILER.
In all of the family complications that have arisen and the social circles that have resulted since his marriage to Miss Grace Wilson, daughter of Richard T. Wilson, banker, and one of the "Wilson beauties," Cornelius Vanderbilt Jr. has borne himself with dignity.

He has been the worker of the family. Accepting the penalty of an angry father for marrying the girl he loved while his brothers have been content to build great palaces, own blooded horses and fast yachts.

Not until years after the elder Vanderbilt's death did the worth and charm of their sister-in-law improve itself on the others. Finally Alfred Gwynne decided it was not the Cornelius Vanderbilts who were the losers by the divorce, and determined to heal it if possible.

It was due to the diplomacy of Mrs. Harry Payne Whitney, sister of Mrs. Vanderbilt, and Mrs. Edmund C. Bayne, of this city, that Alfred Gwynne never relinquished the place designated to him by his father.

His will designated his eldest son, a minor, as his principal heir, and according to all the rules of the game he virtually is now the Vanderbilt head. But Cornelius evidently will not have it so, and is starting his preparations to take up the position so long held away from him.

DIPLOMATIC SITUATION SUMMARIZED BY TEMPS.
PARIS, Aug. 10.—The Temps today publishes a summary of the diplomatic situation between the United States and Germany and concludes its article with these words:

"Whatever be the desire of the United States to avoid a conflict, it is certain that a rupture will follow any new exploit of German submarines on the lives of American citizens. Although the Germans pretend that 'America cannot war on a great nation without the greatest justice to herself' it is probable that the firmness of the attitude of the government of the United States will be sufficient to impose prudence upon the Germans. Not daring to sink American vessels the Germans probably will avenge themselves on the ships of other neutrals."

EXPERT SCORES PRACTICE OF BURNING STUBBLE.
MADERA, Aug. 10.—At a meeting of the Fairmead Farm Unit attended by six or five farmers, resolutions were adopted endorsing the work of the farm adviser.

Prof. V. C. Bryant of the University of California spoke on the soil and how to keep it in good condition. He advised the farmers especially against allowing the land to form a poyloze, and suggested methods of getting vegetable matter worked into the soil. He also scored the practice of burning off stubble on the ground, showing that in nearly every instance the convenience of the practice fails to make up for the loss of humus.

TO INSPECT FOSSILS.
FRESNO, Aug. 10.—Thirty geologists of the United States Geological Survey will inspect the fossil beds of the Coalinga fields Tuesday and Wednesday of this week. Ralph Arnold, geologist of the fields, a former attaché of the survey, will conduct the party to the fossil beds.

Nervous Periodical Headaches Succumb to Anti-Kamnia Tablets.
This trouble commonly called "sick headache" is said to be due to the retention of uric acid in the system. Often it is a nervous condition, or that it is a nervous condition, and in certain cases, no doubt this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. P. Schellman, of Louisville, has found Anti-Kamnia Tablets to give prompt and satisfactory relief. "Rest should be insisted upon," he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possible. The bowels should be kept open with 'Aloids'; a hot bath and thorough rub-down of the patient often give grateful relief. Two Anti-Kamnia Tablets when the first signs appear, will usually prevent an attack. During an attack one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting. These tablets can be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for nervous headaches, neuritis and all pains."

WOODMEN TO BUY ALAMEDA BONDS

Issue to Extent of \$10,000 to
Be Taken by Fraternal
Organization.

The Woodmen of the World, a fraternal organization, has announced that it will purchase \$10,000 worth of Alameda bonds. The bonds are being sold by the Alameda County Board of Supervisors. The Woodmen of the World is a fraternal organization with a membership of about 100,000 in the United States. It is one of the largest fraternal organizations in the world. The organization has a long history and is well known throughout the country. It is a non-profit organization and its funds are used for the benefit of its members and for charitable purposes. The purchase of the bonds is a significant contribution to the Alameda County treasury and will help to improve the infrastructure of the county. The Woodmen of the World is proud to be able to contribute to the community in this way.

ROOS BROS. OPEN NEW CLOAK, SUIT AND DRESS DEPARTMENT

NEW CLOAK, SUIT AND DRESS DEPARTMENT OF ROOS BROS., OAKLAND STORE. THIS IS THIRCE THE SIZE OF THE DEPARTMENT ALLOTTED TO THESE CREATIONS. ITS GROWTH IS IN KEEPING WITH OAKLAND'S EXPANSION.

The smart set of Oakland, those who demand the latest and best in wear, viewed with approval the new cloak, suit and dress department opened to the public yesterday by Roos Bros. in their local store. Courteous observance of customers' wants, the selling of only the latest styles and the giving in these styles of the best possible value, are the factors in bringing about this new department.

Heretofore Roos Bros.' women's department occupied a space one-third the size of the newly renovated department. This room is now to be used as a rest room and is also equipped with several second fitting rooms.

As one steps out of the elevator on the second floor an interior that fairly smacks of the smart Parisian frock shops greets the view. Immediately

to the fore is an elegant case displaying a gown for a queen. From time to time this case will contain various exquisite models. On every hand in convenient places are beveled edge mirrors which, with the continuous flow of light from the many windows in the room, give patrons the opportunity to be critical to the minutest extent. Here are the first fitting rooms, patented after the French idea. Daintily carpeted and furnished, these fitting rooms have full length mirrors in front and adjustable full-length mirrors in the rear, thus allowing the customer to view her gown from every opportunity to have a gown adjusted perfectly.

Along the south side of this new room is the stock room, where thousands of dollars' worth of ready-made cloaks, suits and dresses can be

readily gone over for selection. Right here, it might be added, that Roos Bros. Oakland store now carries identically the same amount of stock as does the San Francisco store. Judging from the thousands of Oakland women who paid a visit to the store yesterday Oakland shoppers will be proud of it. To double the scope of an undertaking is one thing, but to elaborate it is a decided compliment to Oakland, and a sure sign of Roos Bros.' faith in the city's future. It can truthfully be said that the department is among the most beautiful in the West, one harmonious whole, no garish ornamentation, just exquisite harmony, a perfect blending of good taste, all for trans-lux buyers. Roos Bros. extend invitation to all women of Oakland and Alameda county to inspect the new department.

LEAGUE OBJECTS TO APPLICATIONS

Attacks Licenses on Basis of
Irregularities in
Petitions.

RICHMOND, Aug. 10.—Objections to the signers on petitions for saloon licenses were submitted last night by the Good Government League, which claims that of several license applications investigated it appeared that not the required number were the nearest residents; that the signers were often not the chief persons in the addresses given, and that they were sometimes unmarried men. In considering the objections filed the council was of the opinion that it was now too late for action, and that nothing could be done until time for renewal was again present. City Attorney Hall explained that the wording of the applications made the submitting of such signatures optional. He suggested a new ordinance, in which there would be a sworn affidavit that the signatories were five out of the nearest eight residents.

TO FILE PETITION IN CITY HALL LITIGATION

RICHMOND, Aug. 10.—A petition to grant a rehearing on the city hall decision of the supreme court ordering that a special election be held to determine whether the site offered by George Wall shall be accepted will be filed tomorrow, according to City Attorney D. J. Hall, who is one of the attorneys in the suit brought by Clyde E. Hopping against the city council. The rehearing is based on the grounds that the referendum petitions asked that the matter be submitted at a general city election, while the higher court ordered that the question be submitted at a special election. The new rehearing, if granted, will go into many phases of the case not considered in the original trial before the higher court.

SERIOUSLY ILL.
RICHMOND, Aug. 10.—Miss Emma Gough, daughter of Dr. Gough of San Pablo and a recent graduate of the Richmond grammar school, who has been in training for nursing, is seriously ill at Roosevelt hospital, Berkeley.

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty)
There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water, it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but (care should be taken to see that you get real delatone—Advertisement.)

NO NEW RECORD FOR TED MEREDITH

Champion Fails to Lower the
Mark in Trial at
Exposition.

By Associated Press.
SAN FRANCISCO, Aug. 10.—J. E. ("Ted") Meredith, national champion in the 440-yard dash, failed today to equal the world's record for a straightaway distance in a special trial at the Panama-Pacific Exposition. His time was 48.3 seconds, while the record is 47 seconds flat, made by Maxey W. Long in 1909.

Meredith, who competed in the A. A. U. championships here, is a member of the Meadowbrook Athletic Club team. He raced against Fred Stormer of the Cincinnati Chamber of Commerce in the trial today. A false start, caused by the failure of the timers to start the flash of the gun, made Meredith run his speed trial after he had covered nearly half the distance in the first attempt.

The race was held at a time when the wind was quiet, in order to make it eligible as a record if successful. A. A. U. officials, including Fred W. Ruben of New York, secretary, witnessed the trial.

SEEK GARBAGE DUMP.
RICHMOND, Aug. 10.—A place for the dumping of the city garbage will have to be found soon by the council, following receipt of a communication last night from the Blake Brothers' quarry company advising them to find some other place than that company's land for dumping ground at their earliest convenience.

A dumping ground selected by John Rosa was criticized as being near the city. City Engineer Chapman stated that Rosa was trying to get a right of way through the property of the Steel Works so that he could take the city garbage out and dump it on the rule of the north of the city. The communication of Blake Brothers was placed on file.

NATIVE DAUGHTERS INSTALL.
RICHMOND, Aug. 10.—Officers were installed last night at Pythian Castle by Richmond Park. Native Daughters District Deputy Grand President Miss Margaret Cunha of Oakland installing officer, was assisted by Grand Marshal, Mrs. H. Summers, and Grand Past President Mrs. J. F. Sullivan. The officers installed were: Past president, Mrs. Margaret Shea; president, Mrs. Tillie Summers; first vice-president, Mrs. Olga Gase; second vice-president, Mrs. E. H. Crumb; third vice-president, Mrs. Elizabeth Pasch; marshal, Mrs. Minnie Smith; recording secretary, Mrs. Grace Black; financial secretary, Mrs. Gertrude Speer; treasurer, Mrs. Clara Barry; organist, Mrs. Mary Miller; inside sentinel, Mrs. Millie Eaton; outside sentinel, Mrs. Louise Jennings; trustees, Mrs. L. Feudner, Mrs. Mollie Benton and Miss Anna Moss.

MAYOR AND ENGINEER CLASH.
RICHMOND, Aug. 10.—The condition of Standard avenue came up before the city council last night for a grilling, the matter being started when Mayor Garrard said that the street was in "rotten condition." A verbal war between the mayor and City Engineer Chapman ensued, in which the street car company was drawn for the condition of the pavements between the curbs.

The engineer submitted reports accepting the work on Santa Esmund, Seventh streets, Sixteenth street and the Central street, and the council as a whole, City Attorney Hall proposed that a more stringent ordinance should be passed relating the acceptance of street contracts.

REV LINSLEY FUNERAL.
RICHMOND, Aug. 10.—Final arrangements for the funeral of the late Rev. Linsley, for many years rector at St. Paul's Episcopal church of this city, were completed this morning. The service will be held at the church over which he presided, with the services conducted by the Rev. Henry of Berkeley, assisted by the officers of St. Paul's church. Order of Eastern Star of which he was a member. The pallbearers will be E. L. Jones, Captain John Smith, Jr., J. Campbell, E. H. Harlow, and Rev. D. W. Calfee.

CHATEAU LICENSE IS UP.
RICHMOND, Aug. 10.—Although Supervisor Zeb Knott of Richmond made a motion to revoke the license of the Grand Canyon "bar" chateau, the board of supervisors today put over a decision in the complaint against the place until August 17 next. Rev. F. E. Peterson, (Cathedral) Mission Lane, F. J. P. (Hans) and others spoke against the place in support of the petition of 2000 residents of this section asking that the license be revoked.

NERVE NEEDED TO ACCEPT THIS DARE

Baccus Called Upon to Investigate
Mysterious
Explosive.

On the part of Streets W. J. Baccus, called the part of a dare that was made to him by a man who was known to him as "Baccus," the dare was to investigate a mysterious explosive. Baccus, who is a well-known figure in the city, was called upon to investigate a mysterious explosive that had been found in a building. The explosive was found in a building that was owned by a man who was known to Baccus. Baccus was called upon to investigate the explosive because he was known to be a man of nerve and was able to handle such situations. Baccus accepted the dare and began his investigation. He found that the explosive was a very powerful one and was capable of causing a great deal of damage. Baccus was able to identify the man who had made the dare and was able to bring him to justice. Baccus' investigation was a very successful one and he was able to bring the man who made the dare to justice.

RECEIVES CITY AID.
RICHMOND, Aug. 10.—A monthly amount of \$100 will be received by local charities through the aid of the city council. The council has decided to provide a monthly sum of \$100 to be distributed to local charities. The money will be used to help the poor and to provide for the needs of the community. The council's decision is a very generous one and will help to make a difference in the lives of many people in the city.

TO DISCUSS FRANCHISE.
RICHMOND, Aug. 10.—The application for a franchise, submitted by the Pacific Telephone and Telegraph Company, was brought up at the council meeting last night and by consent will be laid over for action until the details of the franchise have been discussed more thoroughly. A meeting with representatives of the company will be held on next Wednesday evening.

CONDEMNNS WATERING TROUGHS.
RICHMOND, Aug. 10.—Filthy watering troughs infected with glanders have caused the death of many horses of local business men is the statement just made by local veterinarians, and which will result in the destruction of the many public troughs about the city. A representative from the state veterinarian's office has just arrived in the city and will be in charge of the work of condemning and destroying the troughs.

RAISE OUTSIDE LICENSE.
RICHMOND, Aug. 10.—Outside solicitors for laundry will hereafter have the disadvantage of a higher license to pay when competing with local laundry companies. An ordinance amending the present license ordinance was adopted fixing the license for outside firms soliciting laundry at \$20 per quarter, as opposed to \$5 for the Richmond laundry concerns.

Woman Agrees To Wed Convict

Suit Against Lawyer
Discloses Pact

By Associated Press.
LOS ANGELES, Aug. 10.—Testimony in a suit brought by Olive L. Davis against Charles Thompson, an attorney, to recover money and diamonds paid as a fee, revealed today a written agreement to marry. Mrs. Davis, after his release from San Quentin, where he is serving a two-year sentence for having obtained money under false pretenses in a real estate transaction, Miss Davis sued Thompson on the ground that he promised to procure probation for McGinnis, then returned for a fee of \$100, which she supplied and then made little effort to do anything for his client. The agreement, duly signed and witnessed, disclosed McGinnis to wait for McGinnis' release and in the meantime to conduct herself as a true and loving wife should. On his part McGinnis promises to be a model prisoner, to prove himself worthy the honor of a loyal woman and to marry her on his release. Miss Davis was a typist in McGinnis' office and she told the court that her love became cemented when she saw how he suffered when she was away from him. McGinnis has been in prison since January.

CITY WINS DAMAGE SUIT.
RICHMOND, Aug. 10.—Word has come to City Attorney D. J. Hall that the superior court has refused the request of the Minutemen for a rehearing in the case of the estate against the city, seeking \$5000 in damages for the trading of Cottage avenge several years ago. The city won in the local courts and Attorney Johnson, of San Francisco for the Minutemen interests took the case to the upper courts. This action grew out of the city action in raising the grade of the street several feet in front of cottages belonging to the Minutemen estate.

WOODLAND PAIR ARRESTED.
El Oppenheim and Mrs. May Oppenheim were arrested last night at Seventeenth and Brush streets by Inspectors Quigley and Dutton on a warrant charging the obtaining of property under false pretenses, assessed in Woodland. They were turned over to Constable I. Clover of Woodland and taken to that city for trial. Oppenheim is a moving picture operator.

ODD PAIR OF MICE.
ATLANTON, Kan., Aug. 10.—A most remarkable freak of nature is a white mouse and a black one captured in a bureau drawer by John Elmer, who lives in the Doniphan neighborhood. The white mouse has not a black spot on it and has black eyes. The black mouse has fur as black as the ace of spades and its eyes are brown.

ATTORNEY PIERCE RECOVERS.
RICHMOND, Aug. 10.—Walter S. Pierce, assistant district attorney, who underwent an operation for abscess formed behind his left ear following an attack of neuritis, is able to return to his duties. Pierce and Mrs. Pierce have been at Geyersville for the past two weeks.

PLANT THEORIES HOLD IN BIOLOGY

Speech of Burbank Awakens
Echoes From Experts in
Other Fields.

Dr. Howard Crosby, noted biologist and former president of the American Association of Economic Entomologists, who spoke at the annual meeting of the American Association of Economic Entomologists, held at the Hotel McAlister in San Francisco, yesterday, in a speech that was a revelation to many of the audience. Dr. Crosby, who is a well-known figure in the field of biology, spoke of the importance of the study of plants and the role of insects in the life of plants. He spoke of the ways in which insects can harm plants and the ways in which plants can defend themselves against insects. He spoke of the importance of the study of the life cycle of insects and the ways in which insects can be used to control pests. Dr. Crosby's speech was a very interesting one and it was well received by the audience. It was a speech that was full of facts and figures and it was a speech that was full of insight into the world of biology.

METHODISTS NAME DELEGATES.
RICHMOND, Aug. 10.—Delegates to the lay electrical and the lay association conferences, which will be held in the Howard-street Methodist church, San Francisco, on September 10, have been chosen by the official board of the First Methodist church. They are: H. G. Stodham, C. Carl, Mrs. L. E. Totten, Mrs. P. N. Wood, Mrs. E. Adams, Mrs. James Lester, Mrs. George H. Garrard and Mrs. H. G. Tidham.

RECORD GIVEN CHANCE.
RICHMOND, Aug. 10.—With two opposing votes the report of the license committee on the complaints filed against A. Record of the Cottage bar was accepted at last night's meeting of the council. Mayor Garrard explained that the matter would rest entirely upon the clemency of the board in allowing Record another chance as he had admitted his guilt of serving liquor to women on the premises but pleaded ignorance of the ordinance.

**TO PUT ON FLESH
AND INCREASE WEIGHT**

TO PUT ON FLESH AND INCREASE WEIGHT

"Gee, look at that pair of skinny scarecrows, why don't they try Sargol?"

"Sargol" has put just 10 pounds on me in 14 days, states W. D. Roberts. "It has made me clean well, enjoy what I ate and changed me to work with interest and pleasure." "I was all run down to the very bottom," writes F. G. Gahan. "I had quit work I was so weak. Now, thanks to Sargol, I look like a new man. I gained 20 pounds in 20 days."

"I weighed 120 pounds when I commenced taking Sargol," writes W. D. Roberts. "After taking 20 days I weighed 140 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares Dr. Martin and N. D. Sanderson. "I weighed 140 pounds and now I weigh 160 pounds. Sargol is telling me how fat you have got in the last month."

When hundreds of men and women—and there are hundreds with more coming every day—come in every week and corner of this broad land voluntarily testify to weight increases ranging all the way from 10 to 20 pounds every day—Sargol, you must admit, Mr. and Mrs. T. H. Reader, that there must be something in this Sargol method of flesh building. "After all," had not you better look into it just as thousands of others have done? Man this Sargol is a real thing to put on a little extra

weight," but when someone suggests a way they exclaim, "Not a chance. Nothing will make me plump. I'm built to stay thin. Until you have tried Sargol you do not and cannot know that this is true."

"Sargol has put pounds of healthy 'Sargol' flesh on hundreds who 'stay thin,' and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just try it and see if your weight does not pile up, hollows vanish and your figure rounds out to pleasing normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story."

Sargol is just a fine concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh-producing ingredients. It prepares these fat-making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs rot. This fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' use will prove whether or not this is true of you. Isn't it worth trying?

rounded figure of symmetrical proportions. If you want to gain some solid pounds of healthy 'stay-there' flesh, if you want to increase your weight to normal, weigh what you should weigh, go straight to your druggist today and get a package of Sargol and try it as directed. Sargol will either increase your weight or it won't and the only way to know is to try it. A single package of Sargol enables you to make this test. Six days' use of Sargol, according to directions, is absolutely guaranteed to increase your weight to a satisfactory degree or your druggist will refund all the money you have paid for it. Sargol is sold by leading druggists everywhere.

THE
FLESH BUILDER**

WHAT YOU SHOULD WEIGH

Table of Statistics Similar to
Those Used by Leading Life
Insurance Companies.

Life insurance companies are becoming more and more strict in their physical requirements of those who may take out policies. Any material falling in weight from their table for normal weight status is in itself sufficient to cause them to place an "undesirable risk." The following table of normal weights enables both men and women to know exactly what they should weigh to conform to the average for various heights.		Men.		Women.	
Height.	Weight.	Height.	Weight.	Height.	Weight.
5 ft.	115	5 ft. 1 in.	124	5 ft. 1 in.	124
5 ft. 2 in.	124	5 ft. 2 in.	131	5 ft. 2 in.	131
5 ft. 3 in.	131	5 ft. 3 in.	137	5 ft. 3 in.	137
5 ft. 4 in.	137	5 ft. 4 in.	143	5 ft. 4 in.	143
5 ft. 5 in.	143	5 ft. 5 in.	149	5 ft. 5 in.	149
5 ft. 6 in.	149	5 ft. 6 in.	155	5 ft. 6 in.	155

Hot Weather Bad for Women's Nerves

Season When They Most
Need Their Strength to
Withstand the Heat

Hot weather has a decidedly weakening effect on most women. They become too languid to exercise, and as a result have appetite only for light, tasty foods, like salads and other cold concoctions, which do not digest readily and increase the natural tendency to constipation.

At this season women should maintain the highest possible standard of health, to counteract the enervating effect of the weather. Good digestion and regularity of the bowels are essential. The combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is highly recommended as a laxative and digestant by many physicians, as well as by thousands of women who depend upon it as a remedy for many of those ills to which women seem more especially susceptible.

Get a fifty cent bottle of Dr. Caldwell's Syrup Pepsin from your drug store and have it in the house. Take a dose of it tonight and by morning your constipation, indigestion and sick headache will vanish. It is far preferable to cathartics, purgatives, and salts, because it does not grip or shock the system but acts gently. In an easy, natural manner, expelling the congestion of waste and restoring normal activity of the organs.

A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 453 Washington St., Monticello, Ill.

DAVIE FAILS TO STOP 'CLANSMAN'

City Attorney Admits Mayor
Made a Mistake in Cen-
soring Film.

The controversy started last night when the police stopped the production of the "Clansman" at the Macdonough theater ended in a fiasco in the superior court this morning when City Attorney Paul Morf, present to argue against a petition for a restraining order brought by Attorneys Rose & Silverstein in behalf of the theater management, admitted that Mayor John L. Davis had "made a mistake."

"We are willing that the play should go on," stated Attorney Morf. "The mayor made a mistake last night when he ordered the police to stop the show. You admit that the mayor made a mistake," spoke up Attorney Bernard Silverstein.

"Well, I wouldn't want you to say that the mayor made a mistake," replied the city attorney. "It was more in the nature of a misunderstanding."

"It is about the same thing," declared Superior Judge Veste, who, with Superior Judges J. F. Brabcock and F. J. Ogden sat en banc to hear the matter. "It must have been a mistake."

As the result of the presentations made by the attorneys, city attorney Rose and Silverstein withdrew their petition with the understanding that the "Clansman" would be allowed to run on the screen this afternoon and evening, without interference from the police.

"The stopping of the play was entirely

SUNDAY BACK JORDAN OUT TO SPIKE GUNS WITH NEW PROTEST

Committee of 99 Minus Dr. Secretary Puts Non-Partisan
Aked to Stand by Fight- Muddle Up to Governor
ing Evangelist. Johnson.

SAN FRANCISCO, Aug. 10.—A committee of ninety-nine is now backing Billy Sunday, who has returned from San Diego to speak again in San Francisco, while the last member of the committee of one hundred, Rev. Charles Aked, is keeping silence in Yosemite. The curtailed committee fell in line in opposition to the "Ninety and Nine" of Sunday's favorite hymn, and Aked, the last one, is off in the hills, even as the little lost sheep in the historic song.

And Billy Sunday is back—very much back. He's going to batter the strongholds of hell with ecclesiastical artillery, he says. Amid challenges from radical clubs and resolutions of praise from others, the evangelist has refused to state whether or not he will answer Aked's attacks from his pulpit. The only light on what his possible sermon tomorrow night may be is the statement that he is going to "spike hellish guns."

So declares Dr. H. H. Bell, chairman of the "Committee of Ninety-nine"—for Aked, the 100th man, has resigned.

DIFFER IN OPINION.

Pastors made the trouble over Aked's resignation from the committee and his denunciation of the evangelist the subject of Sunday sermons, and today are discussing the matter in meetings and among themselves. Most of them are in the trouble in a difference of opinion on how religious war should be carried on. That such quarrels in the ministry are no new thing, and that even the Bible shows ecclesiastical quarrels, is stated by Rev. Paul Smith of the Central M. E. church.

Quoting from the Bible the dispute between Paul and Peter at Antioch, Dr. Smith points out that even the two apostles of the same creed fell out.

"Billy Sunday is an apostle to the bleachers," said Dr. Smith. "He, too, has met opposition among those who follow Christ."

William F. Robinson, an attorney from West Virginia, compares the attitude of Dr. Aked, who was formerly pastor of John D. Rockefeller's church in New York, with that of Rockefeller's present pastor, Dr. Bushnell.

"Dr. Bushnell told me," says the attorney, "that he considered Sunday a wonderful man who was doing immense good in the nation."

SUNDAY RETICENT.

Sunday refuses to state whether or not he will reply to Aked's attacks. "I can't tell just yet," he answered questions on his return from San Diego. "I shall enjoy speaking in San Francisco, and I have to let it go at that."

Rev. Charles Mitchell of Chicago will speak at the Tabernacle tonight, Governor Stanton of Georgia being unable to attend.

CHALLENGE SUNDAY.

While no clergyman in the bay cities has arisen to join Dr. Aked in condemning "Billy" Sunday, the National Anti-Saloon Congress which has been holding meetings all week in the Pheasant building assembly hall, has issued a challenge not only to the evangelist, but to any of his ever end defenders to meet any one or all of the organization's representatives in open debate. The Congress has selected for this task Sam Atkinson, once an evangelist; Charles T. Sprague, Walter Holloway and Marshall Garwin.

Two challenges for debate have been sent to Sunday in the Southland—one from Rev. William Wilbur of Escondido and the other from A. Lyle de Baratt, chairman of the San Diego Open Forum. It is improbable that either challenge will be considered.

AUTOMOBILE PARADE TO OPEN NEW BOULEVARD

The biggest automobile parade in the city's history is being planned by the members of the Progress and Prosperity Committee, who have sole charge of this feature of the celebration to be held on August 23 to mark the official completion and opening of the Sky Line Boulevard. The municipality is to be asked to lend its machines for the occasion, and it has been announced that hundreds of automobiles, all decorated and heavily laden, will be in the procession which will parade along the newly completed boulevard.

Cliff E. Bruce is chairman of the sub-committee, which has charge of the details of the parade. He has appointed Charles F. Gorman, George Mason, Lee Bertillon and Dr. L. W. Watts as his aides. All civic and commercial organizations will be asked to take part in the pageant in a body.

SACRAMENTO, Aug. 10.—Holding that the constitution of the state of California never intended that the people's vote should be taken from them on a local issue, and stating that he will fight any attempt to introduce technicalities into the situation in an effort to prevent a referendum vote on the non-partisan bill, Secretary of State Frank C. Jordan, has sent an entire letter to Governor Johnson, Jordan, issuing a statement in which he protests against the so-called technicalities, places before the governor particularly the matter of the Kern county petitions and certificates. The secretary of that county omitted to certify 120 names, although the original petition was filed with Jordan. According to Jordan, the filing of the petitions was sufficient evidence that the petitions had been signed. The certificates were telegraphed shortly afterward. Attempts have been made to throw out the names on the ground of irregular certification, and through the quarrel arising over this matter impeachment proceedings against the secretary are said to have been threatened by certain Progressives.

William C. Ralston, chairman of the joint party committee circulating the petitions, is in the meantime investigating alleged activities of Al C. McCabe, the governor's secretary, and Charles E. Detrick, the secretary of the non-partisan committee. It is declared, McCabe and Detrick are in San Francisco and demanded that certain names be thrown out. Ralston declares that complaint has been made to him that bona fide names were thrown out of the list.

Further questions have been raised in the proposed election. One is the question of election clerks appointed at the special election on amendments held October 26, the question being as to whether they can serve at any other election called for the same date by the governor.

WEBB GIVES OPINION.

Attorney-General Webb declares this can be done, disagreeing with Assemblyman Milton Schmitt of San Francisco, who stated that this date could not be chosen.

Governor Johnson, at the time the referendum plans were started, said that he would be glad to have the vote of the people on the non-partisan bill. This is pointed out by the joint party committee, which is now opposing what it terms is a fight against the election of technicalities.

"The Constitution (Art. IV, Sec. 1) requires that in order to invoke the referendum against a law 46,335 signatures must be secured to petitions in this office at 12 o'clock of August 7, the last day for filing referendum petitions, there was evidence that over 46,335 signatures had been secured to each of the two petitions invoking the referendum against the two so-called non-partisan acts. Of these signatures over 700 were obtained in the county of Kern.

The county clerk of that county failed to properly prepare and forward the certificate mentioned in the Constitution, giving the number of signatures appearing on each of the petitions, but inadvertently he forwarded the two original petitions and attached to one was the required certificate. His attention was called to his failure to forward certificate to the other and he telegraphed the missing certificate. I had in my office the original certificate as to what his certificate should show.

"No sane man will dispute the fact that the original petitions were even better of evidence of the action of the voters of Kern county than merely the clerks' certificate and the forwarding of the original petitions with the signatures attached was the best possible evidence.

"The Constitution aimed to make the voters the final judges as to the wisdom of legislative action and they will have a chance this fall to hand down a decision. I have done what was right. I have acted impartially, and if I am in error, the courts will so decide."

Another technical, but serious defect, was discovered in the main non-partisan referendum petition. In Section 42 of the non-partisan primary law it is required that the referendum petition be signed by the designated office for which he is so nominated" is incorrect, in that the word "congressional" is not in the bill signed by Governor Johnson.

The Constitution provides that "a true and correct copy of the measure" be submitted to the electors by referendum shall be attached to the petition.

J. M. VAN ZANDT OF
SAN JOSE IS CALLED

SAN JOSE, Aug. 10.—J. M. Van Zandt, proprietor of a shoe store at 21 South Market street, and records for the local Knights lodge, passed away yesterday morning at his home at 421 Hope street.

Mr. Van Zandt's death was not unexpected, as he has been ill for about three weeks. He came to San Jose about 15 years ago for the benefit of his wife's health. She died about two years ago. He has been engaged in business here for a few years.

Mr. Van Zandt leaves no relatives and the funeral will be held under the auspices of the Knights of Pythias Wednesday.

PERSONALS

Miss Rene Trelease is the house guest of Mr. and Mrs. F. M. Lipp in Marysville. She is here on a visit.

HAYWARD BANDIT GANG IS SOUGHT BY POSSE

BELIEVE MEN ESCAPED IN AUTO

Nine Homes Are Looted in the Eastern End of County.

HAYWARD, Aug. 10.—Poses under the direction of Constable Ramage are scouring the neighborhood of Hayward today for the bandits who have terrorized the entire district with a series of wholesale day and night robberies in which they have looted nine country homes of jewels and valuables and so far have escaped the authorities. An organizer gang of housebreakers is believed by the authorities to be responsible for the series of burglaries.

The men entered five homes near San Lorenzo in broad daylight and night burglaries followed in four homes near Mount Eden and San Lorenzo. The gang, according to the authorities, planned the raids with extreme attention to the minutest times and distances and going from one place to another with clock-like precision.

The men probably made use of automobiles in covering the ground, say the authorities.

The following is a partial list of raids: Homes of Henry Smith, San Lorenzo; J. C. Taylor, Mt. Eden; J. C. Correa, San Lorenzo; R. Anderson, San Lorenzo; and former Postmaster Herman Schluter, San Lorenzo.

Constable Ramage has notified the Oakland police and a watch is being kept on pawnshops. The burglars, he says, operated in homes in daylight while families were away, and in every case scorned all but the most valuable jewelry. The loot will, according to the rough estimate of the constable, exceed at least \$500.

E. Kinsell, a relative of Attorney Dudley Kinsell, living at the Smith home, lost a valuable necklace in the raid. In some cases the burglars operated while families were asleep in the homes.

Inquiries regarding strange automobiles are being made by detectives on the case of a watch is being kept in other towns in the southern end of the county lest another raid be attempted in the Niles, Pleasanton or Livermore regions.

Illinois Society to Be Exposition Hosts

The Illinois Society of California with quarters in this city, will institute a new feature at the exposition Thursday afternoon in the form of an Illinois Day in their state building. The local society will be the first to act as hosts to the visiting Illinois people and will be followed each succeeding Thursday by other Illinois societies from the various states.

Mrs. Viola Murphy, vice-president of the California-Illinois society, is in charge of the afternoon and will be assisted by five of the local members with Miss Annette Gayetty, secretary of the California organization, acting as her immediate assistant.

A musical and literary program will be given and will consist of vocal solos on the part of Miss Marie Whitmore of Oakland, who will feature the songs, "Dreams of Illinois," written especially for the occasion by Miss Whitmore and Mrs. Sarah Jordan.

The Mansfield Musical Club is on the program for a vocal instrumental and piano and will be followed by other entertaining numbers.

Body of Lusitania Victim Washed In

WASHINGTON, Aug. 10.—The American consul at Cork has reported the body of M. W. Harvey, presumably a Lusitania victim, washed ashore on a small island off the Irish coast. The last Lusitania passenger list contained the name of William Harvey as a third cabin passenger.

Woman Quits Eskimo Life to Claim Fortune

COLLEGE GIRLS LEARN TO LABOR WHILE THEY LABOR TO LEARN

MISS NELLIE LEACH (left) and MISS BILLY JORDAN, who will wait on table for four years for the sake of an education.

SERVING FOOD PAYS THEIR TUITION

BERKELEY, Aug. 10.—Serving food is the latest aid to journalism or art. Two University of California co-eds have essayed it, and plan to work their way through four years in college as waitresses following a successful term at the University Summer school as waitresses.

The two "student-waitresses" are Miss Nellie Leach, of Louisville, Ky., and Miss Billy Jordan of Wyoming. Miss Leach is studying art and Miss Jordan journalism. Following their summer course the girls, who found that their jobs were still good, decided to attempt the regular course, and both have enrolled outside of college hours they are employed in a Berkeley restaurant, and have so arranged their time of duty that it will not interfere with their college work.

"So far as we know we are the only 'hash slingers' in college this term," declared Miss Jordan. "But we find it as easy to work our way through college as to work as any—and the work is as pleasant as dressmaking or any other means of making a living. After all, it's only for four years."

Crocheting Barred in Divorce Courts

LOS ANGELES, Aug. 10.—The divorce court is no place for fancy work parties. Consequently a small group of women who brought their crocheting to Department 12 to hear Judge Monroe pass upon the varied troubles of married persons were given the choice of replacing their work in their fancy work bags and leaving the court room.

They chose to remain and during the remainder of the session the needles were quiet.

One woman was just putting the finishing touches on a pretty piece of lace when the bailiff saw her hold it at a distance from her face to admire it. He went to her and found several others were busy with their work.

"Pep" Gone, Drew to Quit Open Contests

By Associated Press.
SAN FRANCISCO, Aug. 10.—Howard P. Drew, the negro sprinter who equaled the world's marks in the 100 and 200 yard dashes while a student at the University of Southern California, is out of open competition permanently, he said today. He failed to place in the Amateur Athletic Union championships Saturday. The reason he gave was "they were too fast for me. I have lost the kick or 'pep' or whatever you want to call it. I realize that my day as a champion is past."

Japanese Consulate in Southwest Opened

By Associated Press.
LOS ANGELES, Aug. 10.—A Japanese consulate for Southern California, Arizona and New Mexico was opened here today. Vice-Consul General U. Oyama of San Francisco is the representative in charge. The increase of Japanese interests in the Southwest made the establishment of the office necessary.

SEEK REASON FOR HUMAN BOMB WARR SUICIDE OF MANAGER SEEKS PAROLE; IS 'CURED'

SAN FRANCISCO, Aug. 10.—

Sitting at his desk in the office, W. F. Hatch, Pacific coast manager of the McCall Company, paper pattern manufacturers, 140 Second street, was found dead with a bullet hole in his temple at 8 o'clock this morning. He had evidently committed suicide about an hour before. The reason for Hatch's act of self-destruction is thus far shrouded in mystery, as he left no explanatory note and his young lady stenographer was able to offer no reason for his desire to kill himself.

From the position of the body it was evident that Hatch had taken a mirror and with his aid had placed a revolver to his head and fired a shot into his brain. He was discovered dead by his office boy, George Price, of 141 Winfield avenue. Deputy Coroner Thomas Gavan hurried to the scene and made a careful investigation, but was unable to determine immediately whether or not there was anything wrong with the books of the company or what caused the suicide. Hatch was about 50 years old and resided at 126 McAllister street. Detectives have been detailed by Captain Shea to make an investigation. The head offices of the McCall Company are in New York City.

EVASIVE APPOINTMENT.

That Hatch must have had something to conceal seems certain from the fact, as learned later, that he had an appointment with D. Griffiths, Chicago manager of the concern, who arrived in San Francisco yesterday. Whether Griffiths came here on a tour of inspection or merely on a pleasure trip and to consult with Hatch has not yet been determined. It is known, however, that Griffiths arranged yesterday to meet Hatch at the McCall offices today.

This morning Mrs. Hatch, wife of the dead man, left the Argyle apartments, where the couple resided, about the same time as Hatch departed for his office. She intended going across the bay to meet friends due to arrive from the East. She had not returned at 10 o'clock when an effort was made to notify her of the suicide. According to the manager of the Argyle, Hatch was always a friendly, likeable man and lived there quietly with his wife. The couple have no children.

GRIFFITHS WON'T TALK.

T. D. Griffiths, Chicago manager of the McCall Company, visited the local offices at 10 o'clock. He was informed of the suicide of Hatch by the young lady stenographer and was warned by her to make no statement.

"Who are these men?" he said, turning upon waiting reporters.

On being informed, he said: "I can make no statement at this time. I believe the suicide of Mr. Hatch is merely coincident with my coming and has nothing to do with the firm's affairs. He did not handle any money and I do not think that office business could have had anything to do with his killing himself."

When the attention of Griffiths was

LOS ANGELES, Aug. 10.—Imprisonment in the penitentiary has wrought a psychological change in Carl Warr, known as the "Human Bomb," who three years ago attempted to blow up the police station in Los Angeles, and was only prevented from dynamiting the building after a hand-to-hand battle with officers.

Warr, according to a letter written by him and received by Chief of Police Selvey today, declares he is cured. The mania to do violence by dynamite has disappeared from his mental processes, and he asserts the cure is permanent.

"Strangely enough, Warr appeals for aid to the chief of the department which the prisoner did his utmost to destroy."

In the letter Warr asks that Chief Selvey investigate his prison record, ascertain that Warr has been a model prisoner and give aid in making it possible for Warr to be paroled.

Warr is serving a sentence of twenty years.

His attempt to dynamite the police station was one of the most sensational and spectacular crimes ever recorded in Los Angeles.

His face covered with a black "mask of death," Warr entered the station carrying an infernal machine containing enough high explosive to have blown the building to atoms.

He sat, finger on the trigger of the machine, for many minutes while the police expected momentarily to be blown up. Finally officers rushed the man, seized him, snatched the weapon of death from his hands and carried it to a place of safety.

Warr, in his appeal to Selvey, declares the imprisonment has wrought a psychological change and that he has been completely cured of the dynamite germ.

Selvey has not announced what action he will take on the plea.

WIFE IS INFORMED.

Mrs. Hatch, on reaching her hotel, was informed of her husband's death and hurried first to the McCall office and then to the morgue in a taxicab, accompanied by two women friends. She declared that the manager of the Argyle was mistaken in the assertion that Hatch had left the house this morning at the same time she did.

"My husband was not home all night," she asserted. "This is all a terrible tragedy to me. I know of no reason in the world why he should want to kill himself. I am dumfounded and overwhelmed by the circumstances of his death. We were very happy and we enjoyed our life here during the five years we have been in San Francisco."

ROMANCE OF NORTH TO BE TOLD

Lost to World, Mrs. Louise Thompson, Returns to Contest Will.

SAN FRANCISCO, Aug. 10.—After spending the better part of her life, her identity lost, in an Eskimo village far up the Yukon, Mrs. Louise Thompson has returned to San Francisco to enter contest for the \$500,000 estate of the late John M. Keith, aged oil and mining magnate who died a year ago.

Strange as the most romantic fiction that has ever come out of the far North, is the story of Mrs. Thompson. It is replete with adventure and heart-break; a story of shipwreck and rescue, of a woman's love and disappointments.

In synopsis it is something as follows: More than thirty years ago Mrs. Thompson, then a bride of 20 years, accompanied her father, John M. Keith, and W. F. Thompson, her brother-in-law, on a prospecting trip up the Yukon. Returning to the coast in a small craft, the party was caught in an ice floe; the boat was crushed and several were drowned. Mrs. Mabel Willoughby, a cousin of Mrs. Thompson, was lost; John Keith was rescued. At the time it was thought that Mrs. Thompson was lost.

The ones rescued saw an Eskimo boat pick up her body and return to the far shore, but she was not dead. She and her sixteen years lived with the Eskimos in their igloos, partially paralyzed and her memory gone.

Then one day some prospectors who had known Mrs. Thompson, arrived on the scene. They recalled to her her past life and identified her positively. It is said. They induced her to return with them to British Columbia where she had left her husband, who was a traveling salesman.

Arriving home Mrs. Thompson found that her husband had remarried and that he had five children by his second wife. Heart-broken, she decided to return to the icy wilderness and among her friends, the Eskimos, without disrupting her husband's new family.

Three years ago Dr. Sarah J. Tedford of Los Angeles heard of her niece's plight and sent North for her. Mrs. Thompson came South and joined her aunt. She did not know that her father had been saved and it was not until she read in the papers about his death and fortune that she commenced an investigation, which has now resulted in her return to her rights to his estate.

ESKIMO TO TESTIFY.

It is probable that the Eskimo will be brought to San Francisco to testify about her rescue and her life in the North. In addition to this she will display birthmarks which it is believed will further establish her claims.

At the time John Keith died no mention was made in his will of a daughter, the beseeched his property to brothers, sisters and friends.

In the meantime the matter of probating the Keith will has been continued by Superior Judge Crothers, on account of which the estate has been in limbo at the University of California during his lifetime.

"About thirty years ago my sister-in-law, then about 20 years old, went with her father on a trip into Alaska," said Dr. Tedford. "Her husband continued to travel for his firm. With the Alaskan party was my niece, Mabel Willoughby, daughter of my sister. They made their way over the Yukon and camped at the Yukon, and got a lot of gold. They were coming down the Yukon, nine persons in their boat, when the boat was crushed in the ice."

"Some of the party were drowned, but others escaped on the ice and along reefs. A group of these saw across the river, at a great distance, a girl who had been carried by the current to a reef. She waved at bright-colored scarf at them, and as they knew it was Mabel Willoughby's scarf they thought the survivor was Mabel Willoughby and that Louise Thompson was drowned."

SWEPT BY CURRENT.

"As they watched the girl they were powerless to help and she was swept partly over the reef and they saw the girl struck by it. A little later they saw an Eskimo boat approach the reef and take the girl's body into the boat. It was believed she was dead and they were taking the body for the clothing and what trinkets she had worn."

"For our part we thought Keith had been drowned also. We did not hear from him from that time until we read of his death, April 27, 1914. They claim he died at the St. Francis Hotel. We may be able to prove he did not die there at all."

Keith left FORTUNE.
Keith was found dead on the floor of his apartments at the St. Francis on the morning of April 27, 1914. He was 50 years of age. He was a native of Georgia, coming to California in 1850 and making his home in the city for several years prior to coming to San Francisco.

Among the bequests in his will are the following:
Fifty thousand to each of his brothers and sisters—Allen, Jasper L. McKay, and Anne W. Keith, Mrs. Lucinda Stephens and Margaret Kimball.

To Mrs. Willard C. Chamberlain, \$25,000, and a bequest to Mrs. John D. Spence, \$25,000.

A best of Keith stands in Golden Gate Park, having been placed there in 1910, the year prior to his death.

Hold 100 at Bay And Crack Safe Seven Bandits Flee With \$3000 Loot

By Associated Press.

MAPLE HILL, Kas., Aug. 10.—Seven robbers held more than 100 citizens at bay early today, blew the safe of the Maple Hill State Bank and escaped with \$3000.

An explosion in the bank building aroused citizens, many of whom came into the streets half-clad. Armed men forced them into the shadows of adjoining buildings until six more charges of the explosive had been fired.

When the vault had been forced the men inside the bank signaled and the band disappeared. A fog prevented the citizens giving an adequate description of the robbers.

Two Killed in Train Maliciously Wrecked

By Associated Press.

INDIANAPOLIS, Ind., Aug. 10.—Two trainmen were killed when the Pennsylvania Railroad's fast passenger train, running from St. Louis to New York, went into an open switch and was wrecked a few miles east of Indianapolis last night. None of the passengers was injured seriously. The dead are:

William H. Irvin, 50, engineer, Indianapolis.
William Z. Henness, fireman Indianapolis.

Deputy Coroner Wagner, after an investigation of the wreck, said the lock of the switch had been broken, the lamp extinguished and the switch opened.

John W. Conney, superintendent of Indianapolis terminals, after an investigation, declared that the train was "maliciously wrecked at Vanos, where a barbecue had been prepared. The delegates and their families and friends were entertained at amusement concessions during the afternoon and night they will witness a swimming, high diving exhibition by girls in the natatorium. A display of fireworks will follow."

The first business session will open tomorrow morning.

Typo Delegates Put in Day of Recreation

By Associated Press.

LOS ANGELES, Aug. 10.—Delegates to the sixty-first convention of the International Typographical Union put aside the consideration of all business today in favor of a recreation session at Vanos, where a barbecue had been prepared. The delegates and their families and friends were entertained at amusement concessions during the afternoon and night they will witness a swimming, high diving exhibition by girls in the natatorium. A display of fireworks will follow."

The first business session will open tomorrow morning.

HOWARD DREW NOT
SURPRISE AT ALLSeveral Stars of Meet Now
Almost Over Figure to Put
Away Spikes.

The retirement of Howard Drew, the greatest sprinter of the decade, was a surprise to many of the fans who followed him in the track. He had been a star for years, and his retirement was a great loss to the sport. However, it was not a surprise to those who knew him well. He had been a champion for years, and his retirement was a natural result of his age and the wear and tear of the sport.

Another star of the meet, Alva Richards, is also expected to retire. He has been a champion for years, and his retirement is also a natural result of his age and the wear and tear of the sport.

Several other stars of the meet are also expected to retire. They are all champions, and their retirement is a natural result of their age and the wear and tear of the sport.

The retirement of these stars is a great loss to the sport, but it is also a natural result of their age and the wear and tear of the sport.

Howard Drew, Alva Richards, and the other stars of the meet are all champions, and their retirement is a natural result of their age and the wear and tear of the sport.

A MORNING'S BAG IN NAPA COUNTY

A party of Oakland sportsmen and three black-bell deer they bagged in one morning last week. E. C. Welsh is at the wheel, and with him in the front seat is S. F. Gemmell. Tom Pres (left) and Charles M. Martin are in the rear seat. The three deer stacked around the hood and fenders made a good load for the front wheels, as can be seen by the way the springs sag under the weight. The big one nearest the camera weighed 125 pounds, dressed. The party motored to the Dan Goe ranch near Monticello, where they took a light spring wagon into the hills about fifteen miles. Four deer were bagged on the journey, the three in the picture being the result of one morning's hunt at the camping place in the mountains.

Tennis
By Nelson G. Welburn

Brilliant and mediocre tennis featured the opening rounds of the men's singles event in the third annual Alameda city singles and doubles championship tournament as inaugurated Sunday upon the courts of Lincoln park. A large good-natured crowd liberally applauded the brilliant plays and invariably pulled for the "under dog."

The first match resulted in an unexpected victory for "Cow" Arenas, Guile of Mexico champion, who decisively defeated Archie Betts in two straight sets by the scores of 6-4, 6-3. Arenas' victory was largely achieved through his excellent serving. William Foster easily took the measure of Walter Mantz in two sets by the scores of 6-4, 6-3. Foster's drive was working to perfection, while his opponent proved extremely wild in attempting to return it.

Edwin Mellick, who simply played with Newcomb in a two-set match which he won by the scores of 6-2, 6-2. Parr had an easy time with Frank Waden in a two-set match by the scores of 6-2, 6-2. Parr's control was splendid coupled with neat net and backcourt play. The match was a surprise by defeating Raymond Kearney in two straight sets by the as-

tonishing scores of 6-0, 6-3. Kearney seemed to make the mistake of trying to drive on a chop ball. He has been seen to better advantage many a time. By Sharp encountered a hard opponent in "Cooper," who, though wild, forced him to work in both sets which Sharp took by the scores of 6-4, 6-3. Mac Riddell waded through young Doc Brown in the first set, but in the second set he was compelled to bring into play his entire assortment of shots which finally won him the event by the scores of 6-0, 7-3.

William Shepard, junior champion, succeeded in defeating Roeding in two straight sets by the scores of 6-4, 6-3. Shepard was slightly off on his shots and appeared to be slow in covering the court.

STEELE COMING UP
Cleveland Steele has things all his own way in his match against Bob Sherrard, whom he took down the line to the tune of 6-2, 6-2. Steele's drive showed to good advantage. Steele's opponent was a hard opponent in "Cooper," who, though wild, forced him to work in both sets which Sharp took by the scores of 6-4, 6-3. Mac Riddell waded through young Doc Brown in the first set, but in the second set he was compelled to bring into play his entire assortment of shots which finally won him the event by the scores of 6-0, 7-3.

Next Sunday will witness the inauguration of the men's doubles event with the probability of the final round being reached. Inspiring tennis should be witnessed in this particular event and will undoubtedly draw a tremendous crowd. Apparently, the four teams to be in the final round are Steele and Howard, Kearney and Sharp, Otis and Foster, and Parr and Welburn. Present title holder, Jim Morgan, Oakland, national amateur title holder, in Richmond, Cal., tonight. The match which is for a side bet of \$100 will be staged at Ford's eighth street court. The match will be a hard one, as Steele is a very strong player, and Foster is a very strong player. The match will be a hard one, as Steele is a very strong player, and Foster is a very strong player.

Following is the summary of play in the men's singles event:
Arenas beat Betts, 6-1, 6-1.
Howard beat Mantz, 6-1, 6-0.
Otis beat Welburn, by default.
Parr beat Weeden, 6-2, 6-3.
Borton beat Parr, by default.
Steele beat Sherrard, 6-0, 6-3.
Shepard beat Brown, 6-0, 7-3.

SECOND ROUND.
Steele beat Sherrard, 6-2, 6-3.
Kearney beat Young, 6-0, 6-2.
Guerin beat Arenas, by default.
Otis beat Foster, 6-1, 6-5, 6-3.

GEO. CUTSHAW GETS
NEW HONOR

Oakland fans are elated today at the news that George Cutshaw, the Brooklyn infielder, tied a world baseball record yesterday by getting six hits in six times at bat. Cutshaw, while playing second base for Oakland in 1911, was extremely popular with local fans, and he and Al Wares came in for a lot of applause every Sunday morning. Clarence Beaumont of Pittsburgh chased the world's record with Cutshaw.

SOUTHERN MARKSMEN
CARRY OFF HONORS
AT SHELLMOUND

Los Angeles came in for the bulk of the honors in yesterday's shooting competition at Shellmound. Fred Krampe, Captain of the Los Angeles team, was the only one to score a perfect 100 in the 100-yard event, and also came off with the highest score in the 200-yard event. Captain Krampe carried off first honors in the 100-yard event, and also carried off first honors in the 200-yard event.

FAMOUS TURF MAN
DIES IN CHICAGO

CHICAGO, Aug. 10.—John Condon, the blind Chicago race track owner and probably the most widely known gambler of the West, died at his home here last night from an attack of paralysis following a long illness. He was 60 years old. Mr. Condon was interested in the California Jockey Club, which operated the track at Oakland, Cal., in a track at New Orleans, and in another at Douglas Park, Ky. He was also interested in the famous Blue Bonnet track at Montreal.

CHIEFS ANNOUNCE
LOWER PRICES

CHICAGO, Aug. 10.—President Charles H. Weegham of the Chicago Federal League baseball club announced that the club will reduce the minimum admission price of ten cents will be inaugurated here August 22, when the local club returns home from the California tour. The arrangement will be available at ten cents each; five thousand grandstand seats at 25 cents and 10,000 grandstand seats at 50 cents and 4500 boxes at \$1.

EASTLAND DISASTER
STOPS MARATHON

CHICAGO, Aug. 10.—On account of the Eastland disaster, which made the Chicago river a graveyard, the Illinois Athletic Club has postponed its annual river marathon swimming race this year. The event had been scheduled for August 21.

DECATUR CLUB ON STRIKE

DECATUR, Ill., Aug. 10.—All of the players on the Decatur baseball team are on strike. The team is on strike because of the Three I League, with the exception of Manager Duggan and Pitcher McCabe. The team is on strike because of the Three I League, with the exception of Manager Duggan and Pitcher McCabe.

MCLOUGHLIN VICTORIOUS

SEABRIGHT, N. J., Aug. 10.—Maurice McLoughlin won his match against L. F. Mahan in the final of the Abell cup here yesterday, 6-4, 6-1. The champion did not have to extend himself.

PAPRIKA SERIES
OPENS TODAY WITH
SEALS FAVORITESWolverton's Men Shy on Be
Able to Reverse Tables on
Salt Lake.

The series which opens here today between Salt Lake and San Francisco should be a paprika engagement from the top of the next going to the last. Dope favors the Seals, for they have shown an ability to get "it" breaks on their home grounds, and Salt Lake's home team has been unable to keep the Seals from pounding the ball around the short fence. Wolverton realizes that the Seals are going to keep the Seals from pounding the ball around the short fence. Wolverton realizes that the Seals are going to keep the Seals from pounding the ball around the short fence.

OAKLAND CHINESE
BOYS WIN GAME

The Oakland Chinese Athletic club made almost a clean sweep in the Chinese students' baseball track meet on the University of California oval. The local boys put a baseball and a track team on the field. The ball tossers won their game from the All-Stars' Alliance team, and the tracksters placed men in first or second in every event of the meet, excepting the 50 yard dash.

SOUTHERN ASSOCIATION

At Chattanooga—Chattanooga 3, Atlanta 1.
At Nashville—Nashville 2, Mobile 1 (called off of 7th on account of rain).
At Little Rock—Little Rock 3, Birmingham 3.
(Only three games scheduled.)

AMERICAN ASSOCIATION

At Cleveland—Cleveland 5, Cincinnati 4.
At Indianapolis—Indianapolis 5, Milwaukee 1.
At Columbus—Columbus 5, Minneapolis 4.
At Louisville—St. Paul 3, Louisville 2.

**"A sensible cigarette—
that's what I want"**

There are a number of good, sensible cigarettes on the market—Fatimas are not the only ones. But Fatimas are the best-liked and best-selling of all the cigarettes costing over 5c. Of course, your taste may be different—you may not like Fatimas as well as all these thousands of other men do. But you can't deny that they are worth trying—not only for the delicious taste that has made them so famous, but also to see just how SENSIBLE they really are—how COOL and comfortable to the throat and tongue and how free they are from after-effects. Clip out these tests and see if you can find any cigarette that meets them as well as good old Fatimas do. Make this important test today.

TWO TESTS FOR ANY CIGARETTE

The taste of the cigarette—according to a leading tobacco journal—is up to the smoker. For there are other qualities that you are going to find in the cigarette that may help the average smoker to choose more wisely between different kinds of cigarettes. The first test is for coolness, which means more comfort to the throat and tongue. If all the various grades of tobacco are blended in a certain way, you will find a cigarette that is cool and comfortable to the throat and tongue. The second test is for the quality of the tobacco. If the tobacco is of a high grade, you will find a cigarette that is cool and comfortable to the throat and tongue. The third test is for the quality of the paper. If the paper is of a high grade, you will find a cigarette that is cool and comfortable to the throat and tongue.

BERKELEY AND ALAMEDA

IMMIGRANT BUGS WAR ON NATIVES

Entomologists in Convention
Hear of Experiments Con-
ducted in Hawaii.

BERKELEY, Aug. 10.—With a session of entomologists and a visit to the University of California, the American Association of Economic Entomologists brought its two-day convention to a close at the University of California this afternoon. The officers of the association are: F. D. Ball, president, and E. O. Essig, secretary.

Discussions of several pests which prey upon agricultural and pomological crops especially occupied the attention of the entomologists today. Among the pests discussed were the grasshopper, locust, locust hopper, woolly maggot, bean flea, San Jose scale and woolly apple.

Presented was a paper of O. H. Swezey of Honolulu, where a virgin attack upon various pests has been made by the introduction of insects preying upon them. Dr. Swezey pointed out the peril of the immigrant insects becoming themselves a pest, but believed this danger could be obviated by care in selecting the importations. In his island experiments several local crop pests had been successfully combated by this means.

Much interest has been aroused by a paper presented by G. E. Wallon of Sonoma, regarding the pest of the vine in the valley by the woolly aphid. During the past year, he declared, this pest has attacked the pear crops, which have been and been injured. He believed immediate and drastic steps should be taken to prevent the spread of the pest.

Other papers were presented today by: C. H. Burges, Melrose Highlands, Mass.; C. F. Clausen, Riverside, J. F. Illingworth, Honolulu; A. L. Alexander, Pullman, Wash.; J. A. Yonkers, Pullman, and other speakers. The convention met as a sequel to the convention of the American Association for the Advancement of Science, which was held on the university campus last week.

HAIGHT SCHOOL RELAY TEAM WINS MEDALS

ALAMEDA, Aug. 10.—The Haight school 55-pound relay team won second place yesterday at the exposition contests, the members receiving silver medals. The local boys performed well and would probably have won first place had the boys been given a better start. The team comprised E. Warner, E. Virgo, B. Morris and A. Brooks.

The Haight boys won the second heat and competed in the finals. This event was run right after the heat and the boys, however, received the praises of all those who witnessed the contest.

N. E. A. DELEGATES TO BE ALAMEDA GUESTS

ALAMEDA, Aug. 10.—Delegates to the National Educational Association convention, which meets in Oakland the last two weeks of this month, will be guests of the Alameda Chamber of Commerce the afternoon of Wednesday, August 18. It is expected that a large number of delegates will be present. The visitors are to be taken to Surf Beach, Sunnyvale and Palo Alto. With each party will be given an opportunity to enjoy pleasures in the surf or to rest in the sand and enjoy the view. The chamber of commerce is preparing an extended program for the delegates, which will be supervised by the committee of Schools C. Du Four.

ALAMEDA YACHTS NOW ON SACRAMENTO CRUISE

ALAMEDA, Aug. 10.—The ship Nautilus, Captain Dancker, and the Alameda Yacht club fleet, are now cruising on the Sacramento river. The vessels will be away for two weeks.

With Captain Dancker on the Nautilus are P. Dancker, and Walter Ohman, while Fred Ohman is sailing with Captain Dancker. The fleet will be in the harbor, where they will remain until the races, in several of which they are entered.

TRUNKS CROWD DEPOT NAVE.

BERKELEY, Aug. 10.—The nave of the Berkeley Southern Pacific depot, the condition of which serves as a thermometer to indicate the size of the student population, is crowded with trunks of incoming University of California pupils. According to Secretary Wells Drury of the Chamber of Commerce, more than 5000 trunks have been received in the past two days. The registration during the session which opens next week, is expected to be the largest in the university's history.

ESPERANTIST PICNIC.

BERKELEY, Aug. 10.—The Berkeley Esperantist Society arranged details last evening for the Esperanto picnic, which is to be held as a preliminary to the eleventh international Esperantist congress, scheduled for sessions at the Exposition August 22 to 29. The date and other details of the picnic are reserved for later announcement.

RESEARCH CLUB MEETS.

ALAMEDA, Aug. 10.—The Research club began activities yesterday with the meeting which was held at the home of Mrs. Edwin Smith, 134 Central street. The afternoon was given to a review of the summer outings and a re-viewing of the club's progress.

DR. STONE ARRIVES.

ALAMEDA, Aug. 10.—A second son has come to gladden the home of Mr. and Mrs. A. L. Marsh of the Pacific avenue. The new arrival is a baby, born yesterday in Oakland, yesterday.

LADIES' AID TO MEET.

ALAMEDA, Aug. 10.—The Ladies' Aid society of the First Methodist church will meet Thursday evening at St. Joseph's hall. The committee in charge includes Mrs. Kate Smith, Mrs. Newell, Mrs. Mary Sullivan, Mrs. Van Hulse and Mrs. Snider.

DISTRIBUTION OF ESTATE STAYED

Miss Louise Thompson, Who Claims Late J. M. Keith as Father, Gets Order.

SAN FRANCISCO, Aug. 10.—The distribution of the estate of the late J. M. Keith, who left property valued at \$100,000, was stayed today by the probate court. The court granted an order to Miss Louise Thompson, who claims Keith as her father, to have the estate distributed to her. The court granted an order to Miss Louise Thompson, who claims Keith as her father, to have the estate distributed to her.

Here Is Chance for Song Writers; Gus Edwards Gives It

LITTLE GEORGE.

Here's good news for all the aspiring song writers in Oakland and all the surrounding towns. Gus Edwards is going to give them a chance. Gus Edwards has agreed with the Orpheum management to receive the songs that may be mailed in by the Oakland song writers this week, and to pass upon them, and after selecting the best, to publish it in his New York office as the prize song of the West.

Gus Edwards is probably the most famous song writer of the decade. He has written so many popular "hits" that his name is known all over the world. For ten years he has been looking over talent and especially "kid" talent to replenish his songs. He has engaged hundreds and shows of them have become stars. Out of my original "School Days" bunch, Edna, a young girl, has become a star, and others have succeeded and gone to the top. The latest of these promising stars are "Little George" and "Cute Cuddles," who are now with my company at the Orpheum. I think eventually they will be very brilliant artists, for they are phenomenally clever right now when at a very tender age.

Gus Edwards burst into fame ten years ago with his famous "School Days" song, which everybody in the land whistled and sung. Everybody remembers what a big hit the "School Days" made on the Orpheum stage. There have been scores of imitations of this act on the small-time circuits, which is very sincere flattery for Gus Edwards. After the big "School Days" hit Gus Edwards wrote "Sunbonnet Sue," "The Swing Song," "I'll Get You," "On a Beautiful Night With a Beautiful Girl" and a dozen others that became national favorites.

Naturally, he is perfectly qualified to pass upon the merits of Oakland song writers, and that is why scores of local contributions will pour into his hands during the week.

AWARD HIGHWAY BRIDGE CONTRACTS IN OROVILLE

CHICO, Aug. 10.—Three Chico men were awarded contracts for county work in Oroville when the bids were opened for the construction of two state highway bridges and a sprinkler system for East Gridley.

The first contract was awarded to the Chico Construction Company for the construction of a tank and tower and the laying of two miles and a half of pipe for the East Gridley sprinkling system. There were six bidders and the bid was \$2,500.

Edward Sharp was awarded the contract for the construction of a concrete bridge over Butte creek on the state highway. His bid was \$11,723. For this bridge alternate bids were proposed, but the superior decided to build the concrete bridge. The Chico Construction Company had a bid in for a steel and concrete structure.

The contract for the Edgar Slough bridge was awarded to J. Webster of Chico. His bid was \$19,499. This bridge will also be a concrete structure. There were numerous bidders.

WOMAN USES GUN; KIDNAPER WOUNDED

SACRAMENTO, Aug. 10.—An unknown man early yesterday, and for the second time in three days, entered the home of Mrs. John C. Anderson with the intention of kidnapping Miss Ora De Lamater, a 14-year-old sister of Mrs. Anderson.

Mrs. Anderson awakened by a noise in the room adjoining her own, obtained a pistol and, entering the room where her two young daughters were sleeping, saw a man with a brown suit standing over the bed of the two frightened girls. Mrs. Anderson opened fire, and, according to the story she told Captain of Detectives Ryan and Inspector Penner, her bullets took effect, the stranger falling to the floor and rolling over. He managed, however, to escape.

The three women are at home alone most of the time. The two girls claim an acquaintance of the intruder, and Mrs. Anderson said she has had no trouble with them at any time since they have been under her care. They have been described by their father.

The unknown prowler stole a hand saw from an adjacent building, to force an entrance into the building.

TOLD HIS STORY ONCE TOO OFTEN

Santa Rosa Judge, Softened by Tale of Suffering, Now Has Hardened.

STOCKTON, Aug. 10.—John E. Heathcote, a man who has told his story of suffering and hardship so often that he has become a local celebrity, was today told by the Santa Rosa judge that he had told his story too often. The judge, who is known for his leniency towards the poor, told Heathcote that he had told his story too often.

Justice Vaughan went to the sheriff's office and word was sent at once to the chief of police at Stockton to locate and arrest the man for breaking his parole. He will be held in the county jail for his former offense.

Chief of Police Brane thinks that Heathcote's story is a blind to bring him sympathy. Brane says that Heathcote went over his story in the Stockton police office. "He started out and told me his oldest daughter was sixteen," said Brane. "I asked him again whether or not some time had elapsed and he put her age at nineteen. When we started to talk he told me he had killed 49 people in making his escape. Half an hour later I asked him if he had killed 69 or 89 people in getting away and he answered 'Sixty-nine'."

NEED OF MERCHANT MARINE IS URGED

Federal Trade Commission Meeting in Seattle, Hear Organization Pres.

SEATTLE, Aug. 10.—The Federal Trade Commission is holding a two-day hearing on the need of a merchant marine, and the commission in the chair, Judge Thomas Burke, president of the Seattle chamber of commerce spoke yesterday of the imperative need of building up the American merchant marine. Other witnesses discussed the same subject. Judge Burke said:

"If this commission can suggest legislation which will place American shipping on an equal basis with its competitors, it will be rendering a service of incalculable benefit to the citizens of the United States."

"But one ship flying the American flag sails from Seattle," said Judge Burke, "and soon this will be a thing of the past."

"We are ready for business, but are powerless to go further without ships. The markets of the world are open to us as never before, but we cannot take advantage of these opportunities because we have no vessels in which to send our goods."

J. Smith, coal mine owner, testified as to the necessity for combinations of capital to handle the waste products in the lumber, fruit and fish industries.

MRS. MEYER DEMANDS \$600 MONTH ALIMONY

RENO, Nev., Aug. 10.—Testifying in support of her application for temporary alimony, counsel fees, child support and an allowance for the support of her child, Mrs. Marian Meyer, wife of Abraham I. Meyer of San Francisco, told the court here today that she considered it would take between \$500 and \$600 a month to run her household in the manner to which she is accustomed. Mrs. Meyer was not allowed to state what she considered a reasonable attorney's fee. She managed to tell the court that her attorneys had informed her that it was worth \$5000 but this testimony was stricken from the record. To take depositions, pay her traveling expenses and court costs, Mrs. Meyer said she believed it would require \$1000.

Mrs. Meyer told how her husband left her in January, 1913, kissing her goodbye in the morning when he left for work. She did not hear from him again until he wrote her from Reno last May saying that he intended to make this city his home and asking her to come here and live with him. She said that just prior to leaving her husband told her that he was worth between \$450,000 and \$500,000.

FRUIT GROWERS MAY BUILD LARGE CANNERY

TUBA CITY, Aug. 10.—The fruit growers of Sutter and Yuba counties as well as of adjoining counties will not have to depend on the two local canneries next year to handle their fruit, for a new cannery is being built here. The California Fruit Growers' Association is now in the planning stage and have canning plants at Tulare, Kingsburg and Woodlake. More plants will be built in southern California in the next year or two and possibly three more in the San Joaquin valley.
